**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I can say that Sonic has been an excellent ISP. From excellent AFFORDABLE Internet access, being able to talk to a human, company wide obligations to maintaining net neutrality, and most importantly a simple way of doing business. This customer is beyond satisfied.

It has come to my attention, via Sonic, that actions are being taken to hinder "the little guy" from growing and expanding. If this is true, I would suggest you consider what affects this decision has on the competition; competition your chairman claims to advance. After all, competition helps the consumer. Just like when Verizon limited data to emergency service workers in California during the recent fires. You know.....to protect the consumer. Food for thought.
